User Research · Usability Testing · Design Systems · Information Architecture · User Flows · Typography · Color Theory · Mobile-First Design · Accessibility (WCAG)

Tools: Figma · Adobe XD · Adobe Photoshop · Canva **Technical:** HTML · CSS **Languages:** English · Tamil

INTERNSHIP EXPERIENCE

UI/UX Designer Intern — The Purple Bird Dec 2025 – Feb 2026 | Madurai, India

- Designed 10+ Canva video templates for marketing campaigns, boosting brand engagement across social media platforms
- Created promotional posters in Adobe Photoshop applying strong layout hierarchy and visual design principles for 3+ clientbriefs
- Organized and integrated design assets into Figma workflows, enabling seamless team collaboration and developer handoff
- Maintained branding consistency across deliverables by building reusable design components and shared style guides
- Collaborated with cross-functional teams to translate client requirements into clean, functional visual designs

PROJECTS & POSTER DESIGN (VIEW ON PORTFOLIO)

Sahara Pizza Web UI — sahara-pizza.vercel.app

- Designed a modern, responsive pizza ordering interface applying mobile-first design, visual hierarchy, and usability bestpractices
- Built interactive Figma prototypes with user flows spanning browse, customize, cart, and checkout journeys
- Converted finalized UI layouts into functional HTML/CSS front-end, streamlining the design-to-development workflow

E-Commerce Mobile App UI — Figma Work :

- Designed a full-featured clothing shopping mobile app with wireframes, high-fidelity screens, and interactive prototypes
- Developed a consistent design system with defined typography scale, color palette, spacing tokens, and component library
- Improved navigation flows and information architecture to deliver an intuitive, accessible shopping experience

CERTIFICATIONS & LEARNING

- UI/UX Design Fundamentals — Google / Coursera (Design Thinking · Wireframing · Prototyping)
- Figma: Beginner to Advanced — Udemy / LinkedIn Learning
- Responsive Web Design (HTML & CSS) — freeCodeCamp
- Visual Design Principles: Color, Typography & Layout — LinkedIn Learning
- Interaction Design & Usability Testing Basics — Interaction Design Foundation

KEY ACHIEVEMENTS

- Delivered design assets for 3+ client campaigns during internship with zero revision cycles on final handoff
- Launched a fully functional responsive web UI (Sahara Pizza) live on Vercel — end-to-end from wireframe to deployment
- Built and prototyped a complete mobile e-commerce app UI covering 15+ unique screens in Figma
- Maintained 100% on-time delivery of all internship project milestones across a 3-month engagement
